CREATE — COLLABORATE — CLOSE

zipCommunity
by zipLogix

zipForm® Plus, the industry-leading transaction technology suite, includes collaboration in the zipLogix™ Community. From a single interface **You Create** transactions, **You Collaborate** with clients or peers, then **You Close** faster.

Agent ⟷ **Collaborators**

Invite
Enable transaction access for collaborators, whether or not they currently use zipForm® Plus

Control
Enable or disable a collaborator's access to edit forms*

Track and Monitor Changes
Notifications and transaction history record all changes for each session

Join
Easily sign up for a collaborator account or add shared transactions to current zipForm® Plus accounts

Edit
When the function is enabled, transaction collaborators can adjust or complete forms*

View
Access transactions to review, save a PDF or print

*Where available, one collaborator may edit forms at a time.
