PDF-Connect

NOW YOU CAN UNLOCK AND CONSUME DATA RIGHT FROM YOUR PDF DOCUMENTS!

This new zipForm Plus feature eliminates the time-consuming task of copying and pasting information from a completed PDF form into another application.

PDF-Connect allows for the seamless movement of information to transaction service providers such as mortgage, title, and home insurance, to a more consumable format.

Gain access to all the data within a form.

SAVE TIME AND ELIMINATE ERRORS

• Streamlines flow of transactional information
• Provides access to all data fields in a document
• Eliminates re-keying of data to reduce data errors and minimize risk
