

REACH THOUSANDS OF REAL ESTATE AGENTS AND BROKERS

zipAlliance® provides a powerful platform for building brand awareness and promoting your message while reaching your perfect target audience

Integration

Connect your service directly to zipForm® Plus, zipLogix™'s premier forms software, and empower real estate professionals to achieve more in less time with your application.

Web Services

Help our users leverage their data in your application with zipLogix™'s web services. We use an Application Program Interface (API) to enable the flow of data to and from zipform.com.

Service Providers

Present your service directly to our user base where they work within their transactions. Position your service to real estate professionals right when they need it most.

Marketing Services

Reach a focused demographic of active agents and brokers. The program features email campaigns, logo placement within zipForm® Plus as well as other marketing opportunities.

Industry Standards

As an industry leader, zipLogix™ applications are RETS (Real Estate Transaction Standard) compliant.

Benefits

Enhance the visibility of your company and services to a targeted group of real estate professionals to increase leads and customer engagement.
