

# ZIPTMS® WITH AGENT DASHBOARD DATA TO BUILD YOUR BUSINESS

Transform your business strategy with the zipTMS® Agent Dashboard. Powerful widgets provide a window into transaction activities, highlight listing performance and much more. The zipTMS® Agent Dashboard empowers you to manage your transactions and business with confidence.

## Transaction Charts

View transaction performance data: including the dollar value for active listings, pending transactions, closed transactions and fell through transactions.

## Monthly Tasks

Quickly track monthly tasks that are due or overdue. Metrics are displayed with an easy-to-read meter format.

## Monthly Transaction Dates

View the amount of listings expiring, transactions closing and transactions scheduled to be removed, per the zipLogix™ retention policy.

## Recent Transaction Activity

View your activity log including up to 90 days of events. See how many documents that need approval and E-Signature Packets requiring attention.

## Listing Map

View your transactions on an interactive map\* and transaction information by clicking each pin on the map. Filter transactions by type, status and price range.

## Reporting

Create reports that document your transactions, activities and sales volume in a few clicks. Export reports as a Comma Separated Value (CSV) spreadsheet file.
